

# Video Tape Repair

## Order Form

*"We Care About Your Memories!"*

Last Name	First Name	Date
Street Address	Email	Home Phone
City	State	Work/Cell Phone

**We can repair VHS, VHS-C, Video 8, Hi 8, MDV and Beta Max Tapes.**

*Please check whichever repair option applies*

### Minor Repair

*Up to 3 Splices*

**Standard Service Time: 2-3 Weeks**

### Major Repair

*Up to 3 Splices and Shell Replacement*

**Standard Service Time: 2-3 Weeks**

### Tape Repair and Transfer Combo

*Send your tape in for a Video Tape Transfer and we'll make any necessary repairs for an additional cost.  
- Plus, you receive a free copy of your DVD complete with a Vinyl Case featuring Thumbnail Scenes printed on the cover, Motion Thumbnail technology for quick scene selections and a title printed on your DVD.*

**Standard Service Time: 2-3 Weeks**

**Damage due to water, fire, mildew, creased, and/or crimped tapes are not repairable.**

We recommend that the repaired tape be transferred to DVD at the time of repair because the repaired tape might break again due to a broken player. Test your player by playing an unwanted or blank tape before playing the repaired tape (Faulty equipment is usually the cause of breakage).
