SLIDE SCANS

There is no need to organize or number your slides (unless you would like the add-on option of our Professional Style Slide Show.) Your negatives will be returned along with a digitized DVD of your images that have been scanned and archived to your specifications. We'll include FREE Arcsoft Software with any order over 50.00 that will assist you in sharing, printing, emailing, editing and organizing your images. Converting your slides, not only archives your memories and images with the latest technology, but in the most cases can enhance and restore them to their original color and contrast. Choose the level of scanning service that best fits your needs.
